ABOUT THE STATE.

Items of Interest Gleaned from Our Exchanges.

The dockets for the September term of the Rutland county court contain 300 civil cases, 26 criminal proceedings, and 77 chancery cases.

The Rev. J. M. Frost, of St. Johnsbury will be one of the speakers next Wednesday at the camp meeting of the Concord district of the Methodist Church at The Weirs, N. H.

The record of births and deaths in Burlington for the month of June shows that there were 36 deaths, of which 24 were males. There were 52 births, of which 27 were males. This is about an average record.

The five years old son of Joseph LeBlanc, of Burlington, who was reported to the police Wednesday evening as being lost, was found Thursday morning in his parents' woodshed. It appears while his parents were absent at a meeting of the Salvation Army the young boy climbed into a washing machine in the woodshed and went to sleep.

Considerable fear of a water famine is felt in Pontiac owing to the scarcity of water. Crystal lake being low, the water is unfit for hotel purposes. There are other sources available which would bring an unlimited supply, but, owing to the expense, the town hesitates. Meantime matters are growing more serious. The dust in the streets is unpleasant. Illness is feared on account of the low water, and in case of fire the village would be helpless.

William J. Scott of Burlington died suddenly Thursday in the police office of heart failure. Mr. Scott, who was 83 years of age started from his home on King street to take the electric car for North avenue to see his wife who was at the home of a relative. He was a little late for the car and he hurried to catch it, without success. He stepped into the police office to rest and asked for a drink of water. He was taken suddenly ill and expired in a very few minutes. Dr. McSweeney was called, but arrived too late to give assistance.

"In connection with the celebration of the eighteenth anniversary of the law firm of Butler and Moloney, of Rutland, some of the papers have referred to this firm as the oldest law firm in the state. This is hardly true" says The Bennington Banner. "The partnership between Hon. J. K. Batchelder and Judge E. L. Bates, of this village, was formed Oct. 17, 1883, and has continued without break since that time. For twenty-three years this firm has been in existence. It has been known as one of the leading law firms of the state and has always enjoyed an extensive practice."

R. D. Stanhope of St. Albans met with a serious accident Thursday which resulted in the breaking of both bones of the left leg about half way between the knee and ankle and the reception of various severe bruises. Mr. Stanhope was preparing to mow a lot near the furniture factory and was tightening a nut on his moving machine when the 7 o'clock whistle blew. The horses became frightened and ran away, entangling Mr. Stanhope in the machine and dragging him a considerable distance with the result mentioned. Mr. Stanhope supposed the last whistle had blown, mistaking the 6:55 o'clock blast. He was taken to his home and attended by Dr. G. C. Berley and Dr. A. A. Skeels.

Want to Hold Legislative Reunion.

Gov. C. J. Bell met the committee on speakers for the centennial celebration at Montpelier Wednesday and promised to co-operate with this committee in making arrangements for a legislative reunion at Montpelier, October 4 next in connection with the centennial celebration to be held in Montpelier.

HIS SAD LIFE.

Johnnie Sweet of Shushan Killed by Train, Perhaps Suicide.

Rennington, Aug. 12.—The killing by a train of Johnnie Sweet, the 9 year old son of Edry Sweet at Shushan, has brought out a painful story of the little lad's life which has caused some even to surmise that he committed suicide. Great indignation is expressed by the residents who pitied and liked the little fellow.

They say that his mother deserted him while he was a baby, having for months before been stupefied by intoxicants. His hair floated in curls which were frequently used to torture him by his schoolmates and his father often inflicted punishment so severe that the increased neighbors were obliged to interfere to protect the boy. For a couple of years he cooked the meals, carrying the water necessary, for quite a distance.

Ten morning of his death he was up at 4 o'clock, got the breakfast and at 6:30 left to go berrying, being threatened by his father with punishment if he came home with his pails unfilled. The morning was wet and cold, there were no berries, and putting down his pails the little fellow went to the railroad to sit down and rest, it being a better place than the wet, damp ground. The autopsy showed that his breakfast had been scant.

When first seen by the engineer, he lay inside the rails, sound asleep, with a tin pail by his side. The train was too close for the engineer to stop it and it passed over the boy, cutting him completely in two. An elder brother left home years ago and it is believed that Johnnie intended to go also as he frequently said, "Some day Papa will come home and not find any little boy."

A Guinea.

There is no such thing as a guinea, and there hasn't been since 1817, but English doctors still make out their bills for so many guineas, and writers are paid in guineas. A guinea meant, when it was used, a coin made out of "guinea gold," but the only way any one can make a guinea now is to pile a sovereign on top of a shilling.

Coral Tree Seed.

The seed of the Abyssinian coral tree was formerly used for weighing gold and precious stones because it was small and always of the same weight and size.

DOUBLE FUNERAL.

Frank and Leslie Weston, Father and Son, Buried Thursday.

Burlington, Aug. 12.—The funeral of Frank Weston and his son Leslie, who were killed by a train near Charlotte Tuesday night, was held at the Methodist church, Morrisonville, N. T., Thursday afternoon with a large attendance of mourners.

The remains of both men were taken by boat to Plattsburg Wednesday evening and thence to Morrisonville. They were accompanied by Mrs. Daniel Baker and daughter of Plattsburg and by Nathan Weaver and son of Peru.

Red Dog's Early Players.

"While I was in Nevada City a few days ago," remarked Chauncey L. Canfield, general agent of the Milwaukee road, "I looked through some of the old files of the Nevada Transcript. 'Way back in 1860 the paper told of a visit of a theatrical company to the thriving mining town of Red Dog. The company headed by McKean Buchanan, Frank Mayo, Charles Wheatleigh and Elizabeth Saunders, all of whom occupy a prominent place in the history of the American stage, played three nights in Red Dog to an average business of \$1,200 a night. The plays produced were 'Camille,' 'The Robbers' and 'The Octoroon.' The surprising thing to contemplate about Red Dog today is that not a vestige of the house is to be found on the former site of the town, which was about nine miles from Nevada City."—San Francisco Chronicle

HARDWICK IN \$2ED.

Emily Bocash Wants \$10,000 for Damages on Road.

Hardwick, Aug. 12.—Emilie Bocash has been instituted against the town of Hardwick on behalf of Emily Bocash to recover \$10,000 damages for injuries sustained on the highway August 8, 1904.

Mrs. Bocash was thrown from her buggy near the Fern Farm on that date. It is claimed that a bad culvert was the cause of the accident. This will be the only point in question, as the woman was seriously injured at that time and is likely never to recover fully.

B. E. Bullard of Hardwick and C. G. Austin & Sons of St. Albans appear as counsel for plaintiff.

Probably Wanted a Large One. A young man recently went into a drug store, not a thousand miles from St. Albans, and asked for a sponge.

"What size?" asked the proprietor. "Oh, about as big as my head when it is soaked," was the reply.
